

Takoma Biscuit

**Better Than What Used to be the Best
Even the Box is Better**

Takoma Biscuits are made by an exclusive method of baking so as to retain all the nutriment of wheat, much of which by any other method would find its way up the chimney. U. S. Food Experts say the perfect soda cracker is the only form of cooked wheat food in which it is possible to retain all the nutriment of wheat. Takoma Biscuits are the only biscuits which dare claim to be the only perfect soda cracker—Thus Selection of material and—

Exclusive method of baking—make Takoma Biscuits better than what used to be the best.

When you have tried a dozen packages of Takoma Biscuits, and found them uniformly fresh—crisp and flaky—you will better appreciate the Triple Protection Package—which keeps in the flavor and all the "cracker" quality by keeping out all air, dust and moisture.

There you say, "Sure enough—
"Even the box is better!"

Two sizes, 5 and 10 cents.

CHARLES EMORY SMITH LEAD

**FORMER CABINET OFFICER AND
EDITOR OF PHILADELPHIA
PRESS, IS DEAD.**

Philadelphia, Pa., Jan. 20.—Charles Emory Smith, editor of the Press, former minister to Russia and postmaster general, died suddenly at his home in this city today, aged 65 years. Death was caused by heart failure.

For some time Mr. Smith has been in poor health but his indisposition had not been regarded as serious. Following a dinner in New York on November 30 he suffered an acute attack of indigestion which, according to his physician, gave indication of heart trouble. Before he had recovered from this attack he contracted grip, which aggravated the heart trouble. One week ago he was ordered to Atlantic City to recuperate. When he returned to his home on Saturday night he appeared to be bright and cheerful.

Mrs. Smith attended church this morning and on her return home Mr. Smith was found dead, lying across his bed. He had apparently been stricken while on his way to the bathroom.

Killed by Runaway.
Oklahoma City, Jan. 20.—Edward Gillett, 22 years old, was killed in a runaway accident three miles west of Purcell yesterday afternoon.

His neck was broken by a fall from a hay wagon.

Take DeWitt's Kidney and Bladder Pills. They promptly relieve back-ache and weak back. Sold by W. B. Frame.

DESERTS REPUBLICAN PARTY

**HAWAIIAN SENATOR WILL HERE
AFTER ACT WITH THE DEM-
OCRATS IN ALL MATTERS.**

Honolulu, Hawaii, Jan. 20.—Declaring that the republican party in Hawaii is entirely controlled by selfish interests which do not permit the carrying out of any policy to Americanize the island, Senator L. L. McCandless, who has twice been elected to the senate by the republicans of Honolulu, has announced his withdrawal from the party and states that hereafter he will act with the democratic party.

He is regarded as a great accession by the democrats.

DeWitt's Little Early Risers are the best pills known. Sold by W. B. Frame.

Five Generations Living.
Wellston, Ok., Jan. 20.—The birth of a baby boy to Mr. and Mrs. Charles Crosby, living near here, adds the fifth generation to that family, as the infant has a great-grandfather now living.

The child's living ancestors are Mrs. Charles Crosby, the mother, aged 22; Mrs. L. H. Mitchell, grandmother, aged 38; Riley Short, great-grandfather, aged 63; Mrs. Froman, great-grandmother, aged 86.

Simple Remedy for La Grippe.
La grippe coughs are dangerous as they frequently develop pneumonia. Foley's Honey and Tar not only stops the cough but heals and strengthens the lungs so that no serious results need be feared. The genuine Foley's Honey and Tar contains no harmful drugs and is in a yellow package. Refuse substitutes. 2-1

Deadly Gas Tank.

Waurika, Okla., Jan. 20.—While working on the acetylene gas tank, Blues S. Phillips, an employee of the Mecca hotel, was killed by an explosion of the gas. The shock shook the entire building.

Phillips ran from the tank room with his clothing afire. He fell after crossing the street and died a short time afterwards.

Chief Parker to Washington.

Catche, Okla., Jan. 20.—In order to have a conversation with President Roosevelt on matters of great importance to the Comanche Indians of the new state, Quanah Parker will start for Washington Monday. It has been announced that Parker will also visit several congressional committees while in the national capital.

Woman Fatally Burned.

Tulsa, Okla., Jan. 20.—While she was standing before a kitchen range, the leaping flames set fire to the dress of Mrs. Sibyl Rogers, living southeast of this city, and before the blaze was extinguished the woman was fatally burned. Both limbs, arms, back and face were burned almost to a crisp.

SALVATION ARMY OFFICERS

**CAPTAIN AND MRS. THOMAS
SENT TO ANOTHER FIELD.
GOOD RECORD HERE.**

Captain and Mrs. E. A. Thomas of the Salvation Army in this city, will hold a farewell service tonight prior to moving to their new field of labor, Shawnee. The captain and wife have been here for the past six months and during that time have made many friends with the citizenship of the city and have inaugurated many improvements in the work of the army. It is with regret that the people of Ardmore leave these good people, who have done so much for the humble class of citizens and families. It was Captain Thomas and his wife who established a domestic help bureau and assisted a number of needy women in securing employment and helped a number of families to secure help. Both the captain and his wife are graduates of Salvation Army training schools, the captain having completed the course in the training school at Topeka, Kans., and his wife at the school in Chicago.

Captain Thomas is a native of Winfield, Kans., in which town he joined the army twelve years ago. After remaining in his home town for six months he was sent to Chillicothe, Mo., and since that time has been in many cities. His wife and helpmeet has been in the work with him for eight years, having graduated in Chicago, where she had much experience in the slums of the city. Since their stay in Ardmore this couple have converted at least twenty-five people, half of them in jail.

The Salvation Army at the present time have three women who want employment as domestics. One of them is a widow and can work during the day. The three came from Durant and are well recommended. Should any housewife need a servant they can secure the same by conferring with Captain Thomas before he leaves.

GOOD ROADS IN TEXAS

**BEXAR COUNTY HAS NETWORK
OF FINE MACADAM ROADS.
HOW OBTAINED.**

Ardmoreite Special.

San Antonio, Texas, Jan. 21.—Restricting the circulation of tramps and petty criminals and at the same time extending the system of good roads in this county is the wise policy that has been adopted in handling petty offenders. The practice of making tramps and others guilty of misdemeanors move on to the next town is not conducive to checking the growth of such parasites on the body industrial. Here all such offenders are kept in a convict camp on one of the county roads and put at hard work. As a result the finest road system in Texas networks Bexar county from this city, comprising one hundred and eighty-five miles of excellent macadam roads. The mutual benefits of this to farmers and to merchants makes it the most important public work of the county administration. This method of handling petty offenders has resulted not only in good roads, but has operated to keep down petty crimes and to frighten away the undesirable army of tramps that would otherwise infest this city during the delightful winter months.

How to Avoid Appendicitis.

Most victims of appendicitis are those who are habitually constipated. Foley's Orino Laxative cures chronic constipation by stimulating the liver and bowels and restores the natural action of the bowels. Foley's Orino Laxative does not nauseate or gripe and is mild and pleasant to take. Refuse substitutes. Sold by all druggists.

THREE MINERS RESCUED

**AFTER BEING ENTOMBED FOR
FORTY-SIX DAYS, ARE RES-
CUED BY COMRADES.**

Ely, Nev., Jan. 20.—After having been entombed forty-six days in the Alpha shaft of the Cirox mine, A. D. Bailey, P. J. Brown and Fred McDonald were rescued last night. At 5:30 o'clock Bailey was brought out. Fourteen minutes later, McDonald reached the surface, while ten minutes later Brown was brought up.

Whistles over the district blew loudly, while crowds cheered in the streets of Ely and every bell in the town was set to ringing.

On the morning of December 4, McDonald, Brown and Bailey and two Greeks were working in the bottom of the three-compartment shaft, eighty-five feet below the pump station and 185 feet below the surface. A cave-in occurred at 9 o'clock. The cable used to haul the cage from the third compartment of the shaft snapped, and thousands of tons of rock, debris and timbers fell down into the shaft.

At first it was thought that all the men had perished, but twenty-four hours after the cave-in the three men who occupied the pumping station managed to make themselves heard by tapping on the six-inch water pipe that stretched from the pumping station to the surface. It was this pipe that was the means of saving the trio.

When communication was once established with the world above and the men had made known the fact that they were still alive, food and drink was immediately lowered through the pipe. A large supply was sent down, as it was thought that the pipe communication might be cut off before the rescuing party could reach the imprisoned men, but throughout their weeks of imprisonment this pipe has been in daily use. A portable telephone was lowered and the men were able to talk with the people above. This telephone has been in almost constant use, friends sending by it news of the outside world and messages of cheer.

THE STATE UNIVERSITY.

Announcement Concerning the New Term at the University.

The school year at the State University is divided into two terms or semesters, one beginning in September and the other in February. In a term courses are begun and completed. This year the second semester opens Monday, February 3rd, at nine o'clock.

The second term is as good a time for a student to begin as the first, because he can complete and secure credit for every course of studies he pursues. The student who enters in September and remains all year can finish about 30 points toward the 125 required for graduation. The student who enters for a half year can complete 15. This arrangement of the terms proves of advantage to teachers who can go to college after their own teaching term has ended, and to scholars who cannot afford to attend the university all year.

There is always a large increase in attendance at the beginning of the second semester. More would attend if the advantages of entering the second term were widely known.

Danderine

Works wonders. It produces hair just as surely as rain and sunshine produces crops. It produces a thick growth of luxuriant hair when all other remedies fail. We guarantee Danderine.
